SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, MAY 28, 1913.

50 CENTS PER MONTH

FIFTEEN ARE SUBPOENAED FOR PROBE

Long Beach Citizens to Testify at Coroner's Inquest That Begins Tomorrow

SPECIAL CITY TAX TO BE ASKED FOR RELIEF FUND

\$7600 Already Raised; Public Asks Destruction Old Wharf and Auditorium

LONG BEACH, May 28.—Fifteen subpoenas will be issued today by Coroner Heartwell summoning residents of Long Beach to testify at the coroner's inquest which begins tomorrow. These will be in addition to witnesses summoned to identify bodies. The inquest will be adjourned over Friday on account of Memorial Day.

City Attorney Long is preparing a proposed ordinance, which if passed, will provide for a special tax of ten cents on every \$100 valuation to meet the situation resulting from last Saturday's catastrophe.

A special committee is handling the \$7600 relief fund already realized. This includes the members of the Society of St. George, the British order in charge of the Empire Day celebration during which the accident occurred.

There is much public sentiment in favor of the entire demolition of the Auditorium and wharf and the construction of modern structures.

COUNCIL PROPOSES TAX TO MEET THE SITUATION

LONG BEACH, May 28.—The city council last night voted to instruct the city attorney to draft a resolution calling for a special election and to provide for a special tax of approximately ten cents on every \$100 valuation to raise a relief fund for those injured in Saturday's disaster. This resolution will be ready and passed Thursday night, according to present plans. It is believed that \$30,000 will be raised in this way. Besides this action of the council, \$2500 was taken from the city treasury and turned into the relief fund for immediate use.

It is not the purpose of the council to consider any of the death or injury claims at this time, but their action last night was for the purpose of doing everything in their power to relieve the suffering resulting from the accident.

NEW AMENDMENT PROCLAIMED SATURDAY

Direct Election of U. S. Senators Soon to Be Embodied in Constitution

WASHINGTON, May 28.—Secretary of State Bryan today announced that a proclamation would be issued next Saturday declaring effective the constitutional amendment providing for the direct election of United States senators. He has invited statesmen who have been prominent in the movement to attend the formal signing of the proclamation.

WILSON FAVORS DIRECT PRESIDENTIAL NOMINATIONS AND ALSO ELECTIONS

WASHINGTON, May 28.—Congressman Britten of Illinois sought President Wilson's support today for a constitutional amendment providing for direct presidential nominations and elections. It is asserted that the president emphatically approved the bill but withheld his specific endorsement. The president called Britten's attention to his record as governor of New Jersey where he declared for presidential primaries.

NEW TORPEDO BOAT DESTROYERS WILL BE LARGEST OF THEIR CLASS

WASHINGTON, May 28.—The largest vessels of their class yet designed for the navy are provided for in plans for six new torpedo boat destroyers approved by Secretary Daniels. The new boats will be 310 feet long and will have a displacement of 1090 tons.

War Lord Plans To Become Oleo Manufacturer

BERLIN, May 28.—According to a Dusseldorf newspaper, Kaiser Wilhelm is about to go into business as an oleo margarine manufacturer, and proposes opening a factory at Caden. His brother-in-law, Prince Ernst of Schleswig-Holstein, is already in the trade, having a factory at Prattenau, but the Kaiser's advisers have pointed out to their ruler that despite the increasing demand for oleo there is not a single factory in Prussia. This new enterprise is not received favorably by the Agrarian members of the Reichstag, who have been crusading against the sale of oleo margarine, and have even suggested that the concoction be dyed blue in order to distinguish it from the real product.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight; Thursday fair and warmer; light west winds.

Germany Figures on Buying 27,000 Horses for Army

BERLIN, May 28.—Figuring on the certainty of the army increase bill passing in the Reichstag, the military authorities are beginning to contract for 27,000 more horses, called for in the measure. This will bring the number of horses in Germany's peace army up to 184,788.

Boxing His Way Into Australian Parliament

SYDNEY, N. S. W., May 28.—John Weinholt, a Queensland farmer, is trying to fight his way into the commonwealth parliament with his fists. Instead of making the usual stump speeches, he is touring the Wide Bay district of Queensland and taking on all comers for limited round boxing matches. Australia holds its general election May 31, and Weinholt is competing for the seat now held by Premier Andrew Fisher.

Royal Prince Makes Public Debut as Actor

MADRID, Spain, May 28.—Prince Louis, a cousin of King Alfonso and the Infanta Eulalia, tonight makes his public debut as an actor. He plays the lead to Mlle. Jeanne Chesnel, in a one-act piece entitled, "If You Loved Me." The Prince has frequently appeared in private court theatricals but tonight will be the first time he has appeared before a public audience.

Stewart Edward White To Hunt in Darkest Africa

SANTA BARBARA, Cal., May 28.—Stewart Edward White, author, "amateur lumberman" and big game hunter, expects to leave here this evening for an extended hunt in the African wilds. He will be accompanied by H. J. Cunningham, who has spent most of his life hunting big game in Africa. The two will have no white companions on their journey, which is to be southwest of Lake Nyanza and into sections never before seen by white men.

Tie Matches of International Tennis Teams

BOSTON, May 28.—The tie matches preliminary to the international matches between the American and Australian tennis teams on June 6, 7 and 8 start this afternoon on the Longwood Cricket Club courts. The nations which meet in the preliminaries to decide the challenger for the Dwight F. Davis international cup are United States vs. Australia; Germany vs. France; Canada vs. South Africa and Belgium which drew a bye. The tie matches will continue tomorrow and Friday.

France Pays Prizes in "Big Families" Contest

PARIS, May 28.—In a competition conducted by the farmers' association of the department of Loire-et-Cher for agricultural workers who have brought up the largest families, all the members of which have remained "on the land," eleven grandmothers having 95 children and 138 grandchildren were among the contestants. The prize went to a woman who has 13 children and 29 grandchildren.

Wisconsin Assembly Passes Boxing Measure

MADISON, Wis., May 28.—By a vote of fifty-three to thirty-five the state assembly today suspended rules and passed a bill legalizing boxing.

J. H. Lewis Named As Democratic Whip

WASHINGTON, May 28.—A caucus of Democratic senators today named J. Hamilton Lewis of Illinois as whip, whose duty will be to keep a majority of the members always on the floor.

DUKE OF SAXE-COBURG-GOTHA IS ARISTOCRATIC INN-KEEPER

BERLIN, May 28.—The Duke of Saxe-Coburg-Gotha has gone into business as an hotel keeper in an aristocratic way at Oberhof, a Thuringian mountain resort, some 3000 feet above the sea level. At the Ducal Castle Hotel, as the establishment is called, only the wealthiest and most aristocratic visitors are catered to, and the Duke who frequently visits the place, keeps a tight grip on the business side of the enterprise.

JAPAN HAPPY PROBABLY WILL AT RECOVERY OF RULER MEAN MAKING NEW LAW

Emperor Weak But Improving; Empress Recovering From Indisposition

POLITICAL CAPITAL MADE OF ANTI-ALIEN LAND LAW

Parties Attempt to Discredit Yamamoto Cabinet But to No Avail

TOKIO, May 28.—A bulletin was today posted at the Palace announcing the complete recovery of the Emperor from the pneumonia attack he has been suffering. The bulletin stated that while still weak, Japan's ruler has passed all danger. General rejoicing in the streets followed the announcement.

The condition of the Empress, who has been suffering from fatigue incident to her anxiety during the Emperor's illness, is reported as improved.

POLITICAL PARTIES MAKE CAPITAL OF THE ANTI-ALIEN LAND MEASURE

TOKIO, May 28.—Political capital is being made of the passage of the California anti-alien land bill. After a conference with Count Katsura, who is just recuperating from an illness, the executive committee of Katsura's new party declared that the present cabinet is unable to settle the California question and that a new party had decided to spread its own propaganda in regard to the dispute.

Other opposition parties are using the California matter to discredit the Yamamoto ministry. The cabinet appears safe, however, because of popular reforms instituted by it.

MILL OWNERS' CASES BEING HURRIED

Defense Charged With Keeping Back Valuable Witness For Prosecution

BOSTON, May 28.—With the hope of bringing the trial to a close this week, Judge Crosby has asked both the defense and prosecution to expedite matters in the cases against William Wood, millionaire president of the woolen trust; Frederick Atteux, mill owner, and Dennis Collins, dog fancier, on the charge of planting dynamite to discredit the Lawrence textile strikers. Probably a night session will be held tonight.

District Attorney Pelletier openly charged today that Orville Reddick, chauffeur, and a valuable state witness, is being kept from the court's jurisdiction. Reddick is in Wood's employ. The defense stoutly denied Pelletier's allegations. Fred C. Chandler, justice of the peace of Lawrence, described meetings between Wood, Atteux and other mill owners.

HE WAS WOODED AND WON AS A WOMAN; PAYS FOR THE JOKE

ROME, May 28.—Anna Micozzi, who in spite of the feminine name, is a man, must pay rather dearly for having perpetrated the joke of allowing himself to be courted and married by Giovanni Sbaraglia, successfully imitating until after the marriage the aspect of a woman.

The marriage was today annulled, and under the orders of the court "Anna" will do up "her" long tresses on the top of "her" head and go to work as farmhand until "she" has earned enough money to pay all the costs of the case, which, under the Italian law, are anything but light.

GRASSHOPPER ARMY IS INVADING BUTTE CO. WITH DAMAGE

CHICO, May 28.—The grasshopper army is continuing its advance across the eastern part of Butte county today. It is doing heavy damage to orchards and vineyards, literally stripping the trees and vines.

Fire Today Brings Realization of Practice in Cleaning Establishments

GASOLINE FIRED BY MATCH ON FLOOR

Gasoline Tanks With Loose Covers Considered Unsafe By City Officials

Scrutiny of Santa Ana's ordinance regulating the keeping of gasoline was brought about by a far less disastrous circumstance than the one that brought Orange's ordinance to an investigation. At Orange Bert Claypool, a boy 15 years old, was burned to death because of the lax methods of handling gasoline. This morning at Santa Ana a bucket of gasoline was destroyed—no more—yet an investigation of the city's laws on handling gasoline was started forthwith.

It was about 11:15 o'clock that an alarm was turned in from 323 West Fourth street.

It was found that the fire consisted of a bucket of blazing gasoline. It had its start in the laundry department of the cleaning works. This department occupies a corrugated iron room at the rear of 317 West Fourth street. Davis, who is employed by the cleaning works, had drawn off the gasoline from one of the laundry machines, and as he set the bucket down on the floor it burst into flame. It seems that there was a match on the cement floor, and the bucket scraped against it, causing it to light. Davis set the bucket outside the door, and from there Manager Babitt of the cleaning works carried it to Birch street and threw it on the pavement, where the fire was later put out by the firemen.

The fire started at the south side of the room. At the north side of the room were half a dozen big tanks of gasoline, containing perhaps twenty gallons each, covered with loose tops.

Fire Chief Young and City Trustee McPhee examined the premises, and decided that the keeping of the gasoline in that manner was dangerous. Babitt stated that he would make an immediate change without waiting for the passage of an ordinance.

It seems likely that the city will proceed to amend its ordinance to fit the use of gasoline by cleaning establishments. The ordinance is already considered excellent as to the storage of gasoline in quantities such as are stored by grocery stores and garages.

This afternoon City Marshal Jerrikan is making a round of cleaning establishments, giving warnings against the keeping of gasoline in a manner that is dangerous to public safety.

ENGLISH COURT ON STRIKE—HAD ROW OVER PRESIDING

LONDON, May 28.—Because of a dispute on the question of seniority, three judges went on strike, and the court had to be adjourned while substitutes were found. The regular chairman of the bench being absent through illness, the three magistrates proceeded to elect a chairman, but on Major Allenby, the senior member, arriving at the court he insisted on taking the chair. The duly elected chairman and his supporters immediately left the court and could not be persuaded to return.

CUBA SENDS TROOPS FOR MAINE UNVEILING

ALBANY, N. Y., May 28.—Secretary of State W. J. Bryan telegraphed Governor Sulzer that the Cuban cruiser "Cuba" had sailed for New York city, conveying 100 troops of infantry and a military band to participate in the unveiling of the Maine monument in New York on Memorial Day.

The Governor wired Secretary Bryan that New York would be glad to welcome these patriotic and distinguished visitors from the republic of Cuba.

TARTAR GIRL SOLD AT AUCTION; BRINGS \$100

LONDON, May 28.—An Odessa dispatch to the Daily Mail reports:

"The Kubanski Kral states that at Tereklimkint, on the Karanogai steppe, in Caucasus, which is chiefly inhabited by Tartars and Kalmucks, with a slight sprinkling of Russian settlers, eight girls between the ages of 15 and 18 were sold at public auction last week. The highest price, £21 (\$100), was paid for a handsome Tartar girl.

It is an immemorial custom of the Tartars and the Kalmucks to sell their superfluous daughters.

GLENN MARTIN 'PLANE FIGURES IN ATTACK ON BESIEGED CITY

Guided By Didier Masson 'Plane Hovers Over Guaymas, Mexico—Bombs Drop In City and on Warship

GUAYMAS, Mexico, May 28.—Didier Masson, the French aviator, in the course of a fierce attack on the city by the state troops besieging the federal forces encamped here, circled over the city in the Glenn Martin aeroplane bought in Los Angeles, dropping bombs.

A number of these fell in the principal business streets, causing some loss of life and doing great damage to property. The attack of this dragon of war created a reign of terror such as the city has never seen.

Masson also flew out over the harbor and succeeded in landing several bombs on the deck of the federal warship Guerrero, lying at anchor, but it is not believed the damage to the vessel was great.

City Is Besieged
The lives of scores of American residents are in grave peril as the result of the battle that is raging between the rebels and the Huerta forces. The main portion of the state troops is now within less than ten miles of the city and is advancing rapidly.

The advance guard has engaged the federal forces and the city is in a state of siege. There is a considerable American colony in the heart of the city, which may be wiped out by the combined bombardment of the state artillery and the Masson aeroplane.

AEROPLANE ATTACK IS COINCIDENT WITH PROMISED INDICTMENTS

LOS ANGELES, May 28.—The attack on Guaymas from the Glenn Martin aeroplane piloted by Didier Masson, was coincident with yesterday's announcement that indictments will be returned against Didier Masson, Thomas Dean, his mechanic, and six Mexicans involved in the conspiracy. The federal grand jury in this city brought its probe of the smuggling of the Martin aeroplane across the Mexican border to a close, and Assistant U. S. District Attorney Dudley Robinson says the indictments cited will follow.

"LYNCH AMERICANS" IF BOYCOTT FAILS, SAYS PAPER

MEXICO CITY, May 28.—That there is grave danger ahead for the

DEFENSE IN ROOSEVELT LIBEL CASE SAYS CHARGES NOT MADE MALICIOUSLY BY MR. NEWETT

MARQUETTE, Mich., May 28.—John Callan O'Loughlin, a newspaper man, today testified in the libel suit brought by Col. Roosevelt against Editor Newett, who charged the Colonel with intoxication, that Colonel Roosevelt "never mixed drinks." O'Loughlin declared that he accompanied Roosevelt to Africa, and said: "Not only did I never see him under the influence of liquor but I consider as absolutely silly of anyone to bring such a charge."

The witness insisted that Col. Roosevelt's custom in serving wine in the White House did not vary from that of his predecessors.

Cross-examining O'Loughlin, Newett's counsel, Attorney Belden, attempted to drag in Col. Roosevelt's row in Rome over the Pope, but the court promptly ordered him to cease. O'Loughlin then asserted hotly that every reputable newspaper man knew that the reports that Roosevelt drank to excess were lies.

The defense indicated today that it expected to prove that Newett in printing the charges against Colonel Roosevelt merely repeated the stories currently reported and generally believed. In a long argument Belden demanded the right to show that Newett's publication of these stories was not malicious and declared that Roosevelt demanded no retraction.

WHITTIER RANCHER UNDER \$20,000 BAIL FOR MANSLAUGHTER

LOS ANGELES, May 28.—Robert K. George, the wealthy Whittier rancher, charged with manslaughter in the death of Mrs. A. S. Carman, was held today to answer in the criminal court under \$20,000 bail.

George's automobile collided with a car carrying Mrs. Carman and her husband who is an Oakland lumber dealer. Mrs. Carman was killed. The prosecution alleged that George was intoxicated and was driving on the wrong side of the road.

RESERVES TO COLORS IN AUSTRIA

Call For Troops Made Because of Apprehension of War Between Balkanites

SERBIA READY TO ATTACK IN A MOMENT'S NOTICE

Greece Plans to Enlarge Lines of Salonika Territory In Event of War

VIENNA, May 28.—Fearing war between Bulgaria, Serbia and Greece over territory captured from Turkey, Austria has recalled all her reservists to the colors. The situation is regarded as highly critical. Bulgaria, maintaining eighty thousand troops under arms near Sofia, reiterates her intention not to recede from her position.

Serbia is rapidly moving troops to the Bulgarian frontier. It is reported the Serbian commanders carry orders to attack the moment they are notified from Belgrade that the Serbian ultimatum to Bulgaria has been ignored. It is believed certain that if Serbia and Bulgaria clash, Greece will attempt to enlarge the lines of her holding in the vicinity of Salonika captured as a result of the Balkan-Turkish war.

GREECE AND SERBIA REFUSE TO SIGN PEACE TREATY

LONDON, May 28.—Greece and Serbia, by their refusal to sign the peace treaty between Turkey and the Balkan states prepared by the powers, are likely to bring about the breakup of the Balkan league and a new war, in which their forces will be measured against those of Bulgaria. The Bulgarians are ready to sign the treaty at once, as it would release the army, now held inactive between the Tchalja lines, and place them in a position where they could defy the Greeks and Serbians in the conflict over the division of the territory conquered in the war.

RAINFALL GENERAL OVER ALL THE STATE

Ranges Benefitted — Growing Crops Suffer Somewhat Both in North and South

LOS ANGELES, May 28.—Southern California in general received a light rainfall in the last eighteen hours. The precipitation here was five hundredths of an inch, making 12.84 for the season.

Riverside reported .28 of an inch, benefiting the ranges and growing crops but injuring stacked hay.

Redlands reported .18; Santa Barbara, .09, and San Diego .01 of an inch.

Beneficial in North

SAN FRANCISCO, May 28.—The cattlemen in Northern California believe that the general rains here were highly beneficial, although they may cause slight damage to growing crops.

Rising Rivers Menace Idaho
LEWISTON, Idaho, May 28.—The waters of Clearwater and Snake rivers are continuing to rise and if the warm weather continues serious damage is threatened. The false piers of the Northern Pacific bridge at Spaulding have collapsed and the bridges at Kamiah, Holdbrook Island are in danger. Dynamite is being used to dislodge the driftwood jams.

METHODIST PREACHERS IN DRAMATIZED "IN HIS STEPS"

SEATTLE, May 28.—Two Methodist ministers will break precedent tonight when they appear in a dramatic adaptation of Chas. Sheldon's story "In His Steps" at Golman Park Methodist Church under the auspices of the Ladies Aid Society of the church. Revs. W. A. Call and S. G. Wilson will respectively appear as "Pastor Henry Maxwell" and "John Manning" the tramp printer.

MAY APPOINT METCALF PHILIPPINES' GOVERNOR

WASHINGTON, May 28.—Richard L. Metcalf, editor of Secretary of State Bryan's paper, "The Commoner," is being considered by President Wilson for appointment as governor general of the Philippines. Mr. Metcalf has been in Washington several days and yesterday was presented to the President by Mr. Bryan, who has endorsed him for a position with the government.

FOUR TEACHERS
CHOSEN LAST
NIGHT

School Board Spends Most of
Session Hearing Expositions
Concerning Lockers

At the meeting of the city board of education last night, four teachers were elected. Others are to be chosen at a meeting to be held next Wednesday evening. These will be mostly teachers for the grammar schools. But few changes have been found necessary in the various faculties. Several of the teachers have resigned.

Last night Walter A. Hall was elected teacher of mathematics and athletics. Hall is a graduate of the University of Southern California, and at present is teaching in the Anaheim Union High School. His home is at Wintersburg.

Miss Georgia Hawkins, a graduate of Pomona College with post graduate work at the University of California, is to teach Spanish in the high school. Miss Emma S. Weld, graduate of the University of Chicago, is to be assistant teacher of domestic science, and Fred Barr, graduate of Purdue University, is to be assistant teacher of manual training.

At the meeting last night J. J. Carden, appointed to take the place of the board made vacant by the death of Director J. M. Cain, was present.

The board was in session until 11 o'clock. Most of the time was taken up in hearing the presentation of representatives of various locker supply houses. The board will decide Wednesday evening what kind shall be used in the new high school. A window shade representative was also present and presented his wares.

POMONA COLLEGE
GETS GOODLY
GIFTS

Four New Buildings; Campaign
on For \$1,000,000; Laguna
Laboratory to be Pushed

CLAIREMONT, May 28.—Gifts aggregating \$15,000, including four new buildings for Pomona college, were announced by President James A. Blaisdell at a special meeting of the trustees of the college yesterday evening. The announcements came as complete surprises, the result of several months of effort and the beginning of the \$1,000,000 campaign for Pomona college.

The largest gift is from the general education board of New York City, which has given \$100,000. A donor, whose name was not announced, has given \$10,000 for a college auditorium and a building for the music department. Work will be begun on the construction in September.

The art building, given by the Rembrandt Club, will be started in June, to furnish a place for the art department. The first section of this building will be completed at a cost of \$10,000.

Work on the Laguna Beach laboratory began Monday and the laboratory will be ready for use the middle of June.

The Greek theater is the last of the new projects to receive aid, and contractors are now at work enlarging and adding to it to the extent of \$3500. The historical pageant will be given there June 17.

The securing of nearly half a million dollars marks the opening of the million-dollar campaign started at the quarter-centennial celebration last October. The campaign will be carried on by President Blaisdell and the trustees at once.

"Layne" Patented Multi-Stage Centrifugal Pump

NO DEATH TRAPS

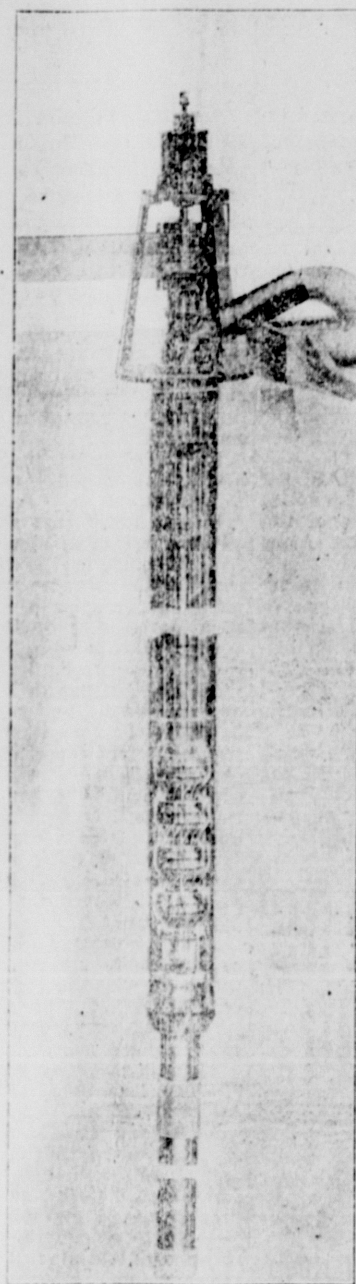

The Pump Without a Pit

The Layne Pump possesses the following cardinal features:

- Runs submerged.
- Has no foot valves.
- No suction troubles.
- No unbalancing possible.
- All bearings enclosed from water and grit.
- No stuffing boxes.
- Needs no priming.
- No pits necessary.
- No mechanism necessary to adjust runners.
- Absolutely unaffected by sand.

Gives More Water at Less
Expense Than Any Pump
Now in Use

Acting Chief Signal
Officer Thanks Capt.
Ulm and Company L.

The services rendered by Capt. N. A. Ulm and the members of Company L of Santa Ana following the death of Lieut. J. D. Park at Olive are appreciated by the regular army officers to whose attention the matter has been called by Lieut. Geiger of San Diego, who was here the day that Lieut. Park was killed.

Immediately after the accident, Capt. Ulm took charge of the wrecked biplane, and turned over the Army to the use of the San Diego officers. For three days a funeral guard was maintained by Company L beside the body of the dead army officer. The body was escorted to the train by Company L in charge of Capt. Ulm.

Capt. Ulm has received a letter of appreciation from Major Russell, acting chief signal officer of the United States Army. This letter follows:

WAR DEPARTMENT,
Office of the Chief Signal Officer,
Washington, May 20, 1913.

My Dear Sir:—A report has just been received from First Lieut. Harold Geiger, Coast Artillery Corps, commanding the Signal Corps aviation school, San Diego, California, concerning the recent deplorable airplane accident which resulted in the

death of Lieutenant Joseph D. Park. In this letter Lieutenant Geiger speaks in the highest terms of your kindnesses, the invaluable assistance you rendered, and the many military courtesies which you extended to him in providing the use of the Army and placing a guard over the remains of Lieutenant Park.

This matter will be reported to relatives of Lieutenant Park, and I assure you that this office and Lieutenant Park's friends greatly appreciate all that you did on that occasion.

Very truly yours,
E. RUSSELL,
Major, Signal Corps, U. S. A., Acting Chief Signal Officer.

Another letter of appreciation has been received by the captain of the local military organization. That letter follows:

Signal Corps Aviation School,
San Diego, Cal., May 14, 1913.

My Dear Captain:—There is just a line to add to my personally expressed appreciation of your very great kindness in caring for the remains of poor Park and in placing your Army at our disposal.

"A friend in need is a friend indeed," and while I had not the pleasure of meeting you prior to Friday,

A Pump Possessing the Following Good Qualities

First—The Layne Patent Multi-stage Centrifugal Pump is so constructed that it will pass freely on the inside of a pit or casing ranging in size from 9 5-8 to 30 inches, and can be installed at any desired depth up to 500 feet, there being no ungainly side discharge or shoulders so common in other makes of centrifugal pumps. After the pump is installed, we have a continuous line of steel shafting enclosed in a pipe through which a bath of oil from the head of the pump passes continually, thereby preventing wear and causing the shaft to run perfectly cool. The shafting is also held in line by a sufficient number of bearings which are located on the inside of the small pipe.

Second—The discharge pipe, which varies with the size of pump, is screwed into a flange in the top of same, and from this discharge pipe, which connects with the discharge "tee" at the top of the pit, the pump is suspended like a carpenter's "plumb," thereby absolutely insuring the perfect alignment of the shafting. On the inside of this discharge pipe in the center thereof passes the small pipe, which contains the lubricant and also the shafting and bearings. The water passing up through the discharge pipe surrounds this small pipe, thereby keeping the oil bath cool and preventing the phosphor-bronze shaft bearings from heating.

Third—At the point of discharge, above the surface of the ground, is located our discharge "tee" or pump head. This head screws on to the top of the discharge pipe, and through this head passes the shafting, at the top of which is keyed our over-hung pulley which varies in size in keeping with speed desired, or connection for direct connected motor. Just below the pulley is located our Patented Slow Speed Roller thrust bearing, which sustains the weight of the shafting and runners, and is encased in a bath of oil which is kept perfectly cool by the flow of water under the same.

Fourth—The runners are adjusted from the surface without the necessity of removing any of the working parts of the pump. By this means the runners can be raised or lowered from the surface without having to go down into the pit. This is one of our greatest advantages, as any irrigator will certify who has risked his life by going down into the old style dug pits, always reeking with stench from dead rabbits and decaying matter, to say nothing of the risk of becoming entangled in the revolving shafting or becoming thoroughly soaked in the grease and oil always present in the old style pit.

Fifth—The pump is designed and built for the different conditions under which it is required to operate in keeping with the capacity and the pressure against which it must work. We have found by experiment that a pump which will go into a pit or casing having a diameter of about 9 5-8 inches for handling from 150 to 450 gallons of water per minute is the smallest size of centrifugal pump advisable to be used; while 12-inch, 14-inch, 16-inch and 20-inch pumps will handle from 500 to 2000 gallons per minute, and a pump having a diameter of from twenty-four to thirty inches and which will handle from 450 to 4500 gallons per minute, is sufficiently large to deliver the water supply found in any of our best wells.

Our pumps are built in one or more stages, in keeping with the lift required.

By using two runners or more in the pump, the speed of the shafting is reduced under fixed heads, and the life of the pump is lengthened. No soft packing gland is required in our pump, even though the water supply should recede below the pump to the suction limit during the time the pump is in operation, as the lower runner discharges the water into the upper runner, thus keeping the upper runner submerged and obviating the necessity of a "stuffing box" or packing gland in the pump.

yet you have certainly proved yourself to be one.

Will you please convey to the members of your company my heartfelt appreciation of the services which they so cheerfully rendered and extend an invitation to all of them to come over and see us whenever they may happen to be in San Diego. Personally I want to insist that you make your headquarters with me whenever you are here.

Most Sincerely,
HAROLD GEIGER,
First Lieutenant, U. S. A.

End Catarrh

Go to Rowley Drug Co. and say: "I want a HYOMEI outfit." Take it home—pour a few drops of HYOMEI from the bottle into the little hard rubber inhaler—breathe it for five minutes and note the refreshing relief—breathe it four or five times a day for a few days and Catarrh and all its symptoms will gradually disappear.

Booth's HYOMEI is balsamic air; it contains no opium, cocaine or other harmful drug and is sold on money back plan for Catarrh, Croup, Colds and Coughs. Complete outfit (includes inhaler) \$1.00—extra bottles if later needed, 50 cents at Rowley Drug Co. and druggists everywhere. Simple instructions for use in every package—you can't fail. Just breathe it—no stomach dosing.—Advertisement.

SOME GOOD AND NO
HARM DONE BY RAIN

Seventeen-hundredths of an inch of rain fell in Santa Ana last night, making 8.11 inches for the season. At Orange the fall for the night was .21 in.; making 8.79 for the season. In parts of the county the fall was a little heavier than either here or Orange.

The rain can do little harm, and has done some good to sugar beets and other growing crops. Some late hay is benefited. The yield of hay is light, and the wetting received was quickly taken away by the west wind today. The rain comes too late to help the honey crop, which this year is a failure.

BODY FLOATS ON TO BEACH

Remains of Man Drowned at
Huntington Beach Found
Four Miles Away

The body of John Elordi, who was drowned at Huntington Beach last Sunday, floated ashore yesterday at a point about four miles northeast of Huntington Beach. Coroner Winfield held an inquest yesterday afternoon.

The man was a track walker for the Pacific Electric. He was married. Last Sunday he went on a fishing trip with three other men from Huntington Beach. As they were attempting to land their boat was overturned, and only three of the four were able to get ashore.

For the Weak and Nervous

Tired, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would take the sensitive thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rinehart, of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by all druggists. Advertisment.

FALL BROUGHT CONVULSIONS

El Modena Boy Had Fall With
Serious Results; Orange
News Notes

ORANGE, May 28.—Chas. Sterns, an El Modena school boy, took a misstep several days ago and fell into a hole near the school house. A few minutes later while he was in the school room he went into convulsions and became unconscious. He was taken home and will probably be unable to return to school until next fall, according to his doctor's orders. He has gone to San Pedro to visit his sister.

On Saturday evening a party of Yborba Linda friends of Mr. and Mrs. George Schroeder were entertained at the Schroeder home on North Glassell street. The evening was pleasantly spent and refreshments were served at a late hour. Those present were Mr. and Mrs. A. L. Page, Mr. and Mrs. F. Page, Mr. and Mrs. A. Vanstrum, Mr. and Mrs. Durke, Mr. and Mrs. A. Harms; Messrs. A. B. Allan, Joe Vanstrum, Sidney Louis, all of Yborba Linda; Emil and Otto Roddeck of Orange.

Rev. Agnes S. Ralph is attending the state convention of the Universalist Church which opened Monday evening and will continue until Wednesday evening at Riverside.

F. E. Masters of the Masters & Vernoy Grocery Company has purchased the ten-acre ranch of G. W. Stinchfield, across the river at Richfield. The ranch formerly was owned by E. H. Peters. Mr. Masters gives as part payment on the ranch his handsome residence on South Glassell street. The deal was handled by the Olive Realty Co.

Orange High School baseball team defeated Whittier High School on the local grounds last Saturday. It was an easy victory for the locals who won by a score of 4 to 1. Thompson and Potter were the battery for Orange.

Miss Rosa Singer is down from Los Angeles visiting with the J. S. Zuckerman family.

Mr. J. Purviance came up from Laguna Beach yesterday. Today he visited in Los Angeles and tomorrow he will return to the beach.

A. R. Todhunter took a crowd to Laguna Beach Sunday in his auto truck. The following persons enjoyed the trip: Mr. and Mrs. Fern Miller and son, Mr. and Mrs. Ed Fullerton and family, Mr. and Mrs. Arthur Fuller, Mr. and Mrs. Guy Crawshaw and family, Mr. and Mrs. Wm. Vickers and family, Mr. and Mrs. Moore, Mrs. A. E. Langdon, Mrs. Sue A. Truby, Mrs. A. R. Todhunter and John Eisman.

Mrs. A. F. Lankford of South Jameson street leaves Thursday for Brandon, Texas, to visit her brother and other relatives.

The children of H. E. Coate of McPherson are reported ill with measles, which disease is prevalent in this vicinity.

Miss Ida Robinson of Pasadena with Mr. and Mrs. Clinton De Witt and two sons were weekend guests of Mrs. R. W. Jones.

A meeting of the El Modena school trustees was held at the school building last night to consider the disposal of the old school site.

Architect H. M. Patterson of Los Angeles was down Saturday afternoon talking over business with the school trustees.

Mrs. M. J. Bond has returned to her home in Santa Barbara after a visit with the R. W. Jones family.

Miss Lutz of Redlands has been visiting with Mrs. John King of El Modena the past few days.

Miss Charlotte Knoch and Miss Ida Hawes of Pasadena motored to El Modena Saturday afternoon to visit with Mrs. R. W. Jones. Miss Knoch who is vice principal of the Pasadena high school and an old friend of Mrs. Jones, will soon leave for a trip to Germany, expecting to remain about a year in Berlin.

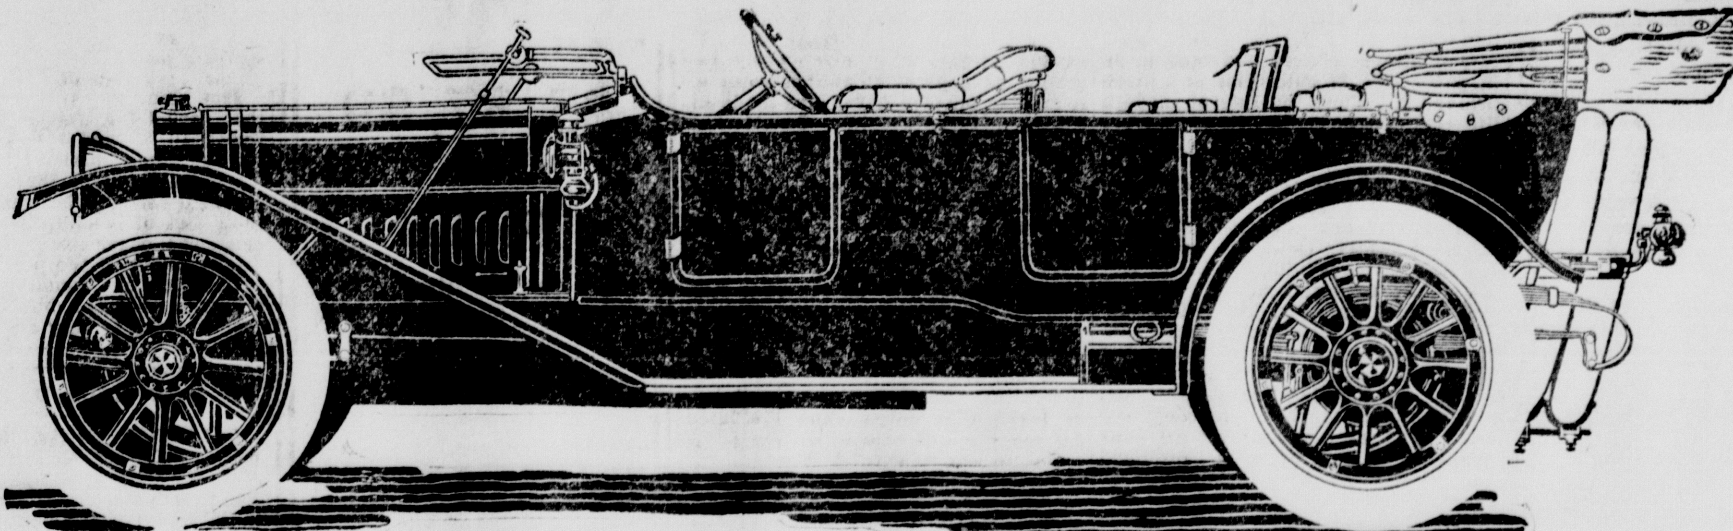

Mr. H. M. Gray of El Modena has been passing around among his

INTERNATIONAL CONGRESS OF WOMEN

Tenth of Annual Conventions to
Be Held in Paris—Great
Problems to Discuss

PARIS, May 28.—The final program was completed today for the great International Women's Congress which will be held here June 2 to June 7, inclusive. Officials of the National Council of Frenchwomen, under whose auspices the congress will be held, announced today that they have acceptance of invitations to attend from women's organizations of almost every nation.

The congress will be the tenth held by the international group of women and the program is to be the most pretentious of any congress held in past years. Every problem touching upon the sphere of women's activities, social and economic questions, the home, the relation of the present day woman to business, women's place in politics including the question of the woman's suffrage movement and other similar subjects will be discussed. There will be lectures daily on hygiene, education, legislation, work in the home and outside, science, arts, letters and peace.

Hundreds of American women, representatives of more than three-fourths of the United States, will attend. Many of these women will be from states which have granted woman the franchise and they are expected to plead for world-wide suffrage for women. Many English women including both militant and non-militant suffragettes as well as English anti-suffragettes will tell of conditions in Great Britain in regard to the women's fight for votes there. They will be headed by the Countess of Aberdeen who is president of the international committee of the congress. French women, regarded as heretofore inactive in such matters, have planned a report on what women of France have done quietly and without ostentation for the betterment of the sex.

MRS. RICHARDSON WAS LAID TO LAST REST

Orange News: At one of the most largely attended funerals that has been held in the city, Mrs. W. J. Richardson, one of the victims of the Long Beach tragedy, was laid to rest this (Tuesday) afternoon. The Presbyterian church auditorium was filled by friends drawn in sympathy by the unusual pathos of the event.

The service was held at 2 o'clock, with Rev. W. A. Jackson officiating. Trustees and other city officials attended in a body, while eloquent tokens of widespread love and esteem were contained in the great floral bank massed around the casket and altar.

The funeral sermon was preceded

MOTHERS IN CONGRESS

Some dribbles of information relative to the National Congress of Mothers, in session for some recent days at Boston, have been filtering down through the daily press. There were delegates there from all over. But the principal effect on many editorial sanctums has been various pert paragraphs, hinting in different forms that congressing should be left to the men.

Of course the newspapers in whatever place is selected for this annual congress never print any flippant remarks. If an attitude of dignified respect is maintained, Mother may buy some copies.

It is a well known fact that Mother finds all the recreation she needs in darning stockings and cooking the dinner. If the creature comfort that she produces evokes warm smiles of approval from the regnant male element of the family she is amply repaid. Father, of course, driven by the rush of business, needs a "change" from time to time, and the young folks must not hang around the kitchen or the garden and neglect the dances and base ball. Mother finds the regular production of those pies that she used to make so persistently exciting that such a junket as attending a Congress of Mothers, if it be a junket, is superfluous.

It is to be feared too, that the National Congress of Mothers as a tangible political asset is not immediately very tangible. Except in women suffrage states like California, the politicians would rather have the support of a first class saloon than the whole Congress of them. Still as one glances over the fragmentary reports with which the hurrying presses have favored the mothers in council, it does seem as if "Child welfare" were a great big phrase. When you consider all that means, physical health, training for work, and the clean life, the realization of these hopes would make these United States scarcely recognizable.

MAKING LOANS TO FARMERS

It will be recalled that President Taft made serious efforts during the latter part of his administration towards establishing what is known as "Farmers' Banks" whereby farmers would be enabled to secure loans on growing crops. Such banks as these are in operation in most of the European countries and have given a great help to the farmers and have materially promoted their prosperity and thereby made farm life more attractive than previously, which is the thing that we are trying to do here. President Wilson is deeply interested in this scheme and hopes to have it in operation to some extent in the near future.

The publication in this paper yesterday, of an able article from Collier's, dealing with the alien land laws question in general and Japanese immigration and land-holding in particular, was for educational purposes rather than by way of endorsement of the views expressed. As a matter of fact, however, we are inclined to agree with Collier's, rather than with the Pasadena News, from which we reprint, today, an editorial discussing the Collier's article.

British militancy is letting its incendiary light shine.

IN REPLY TO COLLIER'S ON THE JAPANESE QUESTION

FROM THE PASADENA NEWS.

Further evidence of the deterioration of Collier's since Norman Hapgood resigned from editorial charge of the publication is found in the alignment of the weekly with those alarmists who pretend to see in the presence of Japanese in the United States a constant irritant to economic conditions in this country and a grave menace to the purity of the race. Collier's admits that the Japanese are a fine, proud and strong people, with an ancient and splendid civilization, having poets and artists and sculptors—and, it might be added, military geniuses, orators and statesmen. In patriotism, in enterprise and in efficiency, all along the line of modern life Collier's finds that they compare favorably with all other peoples.

Why then this demand for their exclusion? Because we are a democracy and the Oriental mind cannot grasp our theory nor yet conform to it. Apparently, Collier's has overlooked the awakening of China and the effort to establish a republic where equality of rights shall prevail. Japan has not yet reached that interesting stage, but the more her people mix with the Occidentals the greater the likelihood of transforming Japan into a republic. Already, the attitude of the Japanese toward the Mikado has undergone a profound change of late years; no longer is he regarded as of godlike attributes, but of common clay like the masses. From that step to the nomination and election of a representative executive is not so remote a change as to be considered impossible of achievement.

As to the intermingling of the races we can assimilate the Japanese without intermarriage. A parallel is found in the Jew and Gentile. They rarely intermarry. The Jew keeps to his race and the Gentile seldom seeks to invade the synagogue or the Hebrew home. As for the negro, we have given them citizenship, but not equality of social status. The educated Japanese is an intellectual joy to a cultivated mind. He speaks irrefragable English, he is far better versed in philosophy and science than the average college bred American and he is ahead of us in courteous deportment and tolerance of views. Make him eligible to citizenship and in two generations he will be a better and more desirable

American in all essentials than the majority of Poles, Slavs and Bohemian peasantry offspring now going into the national melting pot.

For the Japanese have savoir faire, they have delicacy of feeling, acutely developed brain cells and initiative energy that make for fine citizenship. To compare such characteristics with those prevailing among the negroes and to argue that they would not cooperate in working out our problem of democracy any better than the citizen negroes have done is to underestimate utterly the alert Japanese mind. Because it is learning to think Occidental-wise it is erroneously regarded as superficial and parrot-like. A greater mistake never was made in regard to these peoples. Considering the brief time in which the Japanese have been studying our institutions and mode of civilization their delicate comprehension is little short of marvelous.

Collier's, alas, betrays what we have found to be at the bottom of every anti-Japanese advocate—a fear lest the alien race may, by its superior qualities, if allowed free ingress, one day control this country. It is not especially complimentary to the ruling white race, but a explains, at least, that unreasoning prejudice against the Japanese which the labor agitators are so careful to foster. It is an appeal to the selfish cowardice of mankind that lurks in all classes of humanity. Collier's says, "They do not like us any better than we like them." They do not understand us any better than we understand them. That is only true in part. They are studying us, honestly and with intelligent purpose. We are not studying them; the majority is content to revile them. It is a silly and disgraceful attitude and wholly unworthy of the white race. As for their grave menace in numbers, the United States immigration bureau shows that in fifty years, from 1861 to 1910, we have received, all told, upward of two million Japanese, including those coming hither from Hawaii after its annexation. Of this number many have since returned home. In the same period about 23,000,000 immigrants from other countries reached these shores. There are probably 75,000 Japanese in the whole of the United States at this writing. What a terrible menace!

TIMBER DRUG ON MARKET

NORTH YAKIMA, Wash., May 28.—The United States Reclamation Service, according to local officials, did not receive a single bid for 11,000,000 feet of timber to be cut from storage basins in the Cascades, including 8,999,000 feet of red fir. The timber was advertised two months ago.

W. A. HUFF

YUCAIPA APPLE RANCH OF 500 ACRES SELLS AT \$200,000

RIVERSIDE, May 28.—Negotiations have just been concluded for the exchange of the Evans and Peters' 500-acre apple orchard in the Yucaipa valley for property in the Westlake district, Los Angeles, owned by Mrs. Daisy A. White. The consideration for each property is said to have been \$200,000.

The present and former mayors of Riverside, W. L. Peters and S. C. Evans, bought the Yucaipa ranch thirteen years ago and planted out sixty acres of apple orchard. They opened tunnels in the mountains and secured a fine supply of water, built a packing house and made other improvements. Their fruit has been known for several years as a strictly fancy pack and the orchards have been understood to be very profitable. Mrs. White gave in exchange for the property 300 feet on Eighth and Ninth streets and a large and slightly residential site in the Westmoreland tract.

POMONA COLLEGE TO RECEIVE \$150,000

John D. Rockefeller Educational Board Grants Benefit to California School

CLAREMONT, May 28.—News has been received that the general educational board, established by John D. Rockefeller, has granted Pomona college an appropriation of \$150,000.

This is the second time a college west of the Rocky mountains has been assisted in this manner, and the first time that a college in the southwest has received any donation from the board. The board appropriated the sum of \$800,000 and the donation to Pomona was the largest single grant.

A LAND OF OPPORTUNITY
Humboldt County, the least developed in California, presents splendid opportunities to investors and homeseekers. Men and money are needed for dairying, small fruit growing, truck farming, general farming and apple raising. A country of wonderful resources and ideal climate into which the first railroad is now building. All inquiries promptly answered by the Humboldt Promotion and Development Committee, Eureka, Cal.

PARCEL POST RATES TOO HIGH, SAYS LOS ANGELES P. M.

Parcel post rates are higher than necessary in the opinion of Postmaster W. H. Harrison, who lately gave out figures on the cost of delivery, which he believes show that the service could be operated at much lower rates, says the Los Angeles Tribune. Postmaster Harrison forwarded statistics to Washington, where the authorities will use them in conjunction with reports from other offices as a basis on which to make any changes that may be necessary in rates.

The report by Postmaster Harrison shows that in the first twenty-one days of May 12,709 packages, too large to be handled by foot carriers, were delivered in Los Angeles. The expense per package for delivery was 8 9-10 cents. The average postage on each package was 35 cents.

The total expense of delivery in that period for the large packages was \$1167.81 and the total postage for the same period was \$446.24, leaving a profit of \$721.57. Mr. Harrison said recently he was positive the total cost of handling the large packages was considerably less than the total amount of the postage required.

The cost of handling the small packages that can be delivered by foot carriers is very small.

MCCARTY'S BODY TAKEN TO PIQUA, O., FOR BURIAL

CALGARY, Alberta, May 28.—The body of Luther McCarty, killed last Saturday in a prize fight with Arthur Polky, was started for Piqua, Ohio, for burial today, accompanied by Manager McCarty and Referee Ed Smith of Chicago.

Best Medicine for Colds

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung trouble. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by all druggists.—Advertisement.

Cor. Fourth and Broadway. Both Phones 68.

Free Delivery.

If a bank would advertise they would pay you 15 per cent per month for your money, would you put your money in a bank that only paid you 4 per cent per year? Providing you knew the bank that paid 15 per cent was absolutely good. That's just the difference between trading at Miles Cash Store and a credit store.

FLOWER MISSION DAY

One of Tenderest Beneficences of White Ribboners Observed at Yesterday's Meeting

The W. C. T. U. held a most interesting meeting yesterday afternoon at the home of Mrs. J. H. Rankin, 815 Spurgeon street. This was Flower Mission Day and was observed by the Union, Mrs. Elizabeth Davis in charge. Mrs. Sturgeon conducted an appropriate devotional service, then all joined in singing "Bringing in the Sheaves." Mrs. Clark, one of the teachers of the Spanish children in the city schools, brought a class from Washington school that sang several flower songs, greatly appreciated by the W. C. T. U. women. Little Margaret McElree gave a beautiful flower recitation, holding a large bouquet of carnations in her tiny childish hand.

Of Mrs. Emma Stroupe, one of the devoted members of the Santa Ana Union, who recently passed away, was spoken of very feelingly by Mrs. Davis, who told of the last few days of Mrs. Stroupe's life. Mrs. Stroupe was always ready and willing to help at any time, and the Flower Mission Day was one that especially appealed to her and many persons were remembered with flowers through Mrs. Stroupe.

There were many beautiful flowers brought in for distribution. About forty bouquets were distributed to the sick and shut-ins, of the hospital and county farm.

A number of delegates from this Union attended the recent state convention of the W. C. T. U. at San Bernardino on the 13th to 16th of May. Each of these gave interesting accounts of the convention. Mrs. Rankin, Mrs. J. E. Kellogg, Mrs. Warren, Miss Taylor, Miss Cordray reported on the different sessions. Other delegates were unable to be present. Many good suggestions and ideas were brought home to benefit our own different Unions. Mrs. L. H. Mills was called to Orange to give the Union there all the details of the convention.

Mrs. Nickell, chairman of the Beach Cottage Committee, spoke of needed repairs for the cottage and of the necessity of putting water on this lot. The committee was voted privilege of making the necessary repairs.

The next meeting will be on "Sabbath Observance" and will be in charge of Mrs. Pendleton. This meeting will be held at the home of Mrs. A. J. Visel.

A City Outing

The ladies of the Tustin Twelve varied their usual meetings this week by a trip to Los Angeles yesterday, all but two members of the congenial dozen being on hand when the start cityward was made.

The forenoon was spent in sight-seeing among the shops and parks, and the afternoon was devoted to Thespian pleasures, the party enjoying the scintillating vaudeville program at the Orpheum.

The Tustin Twelve ladies returned

PASADENA NAMES WOMAN FOR IMPORTANT POSITION

PASADENA, May 28.—By appointing Miss Bessie Chamberlain to the position of deputy city clerk yesterday the new board of city commissioners set the precedent of naming a woman to an important city position. Never before in the history of Pasadena has a woman officiated as a deputy in any of the city offices. Miss Chamberlain was named for the place of deputy city clerk to succeed W. C. Yale, who becomes deputy city treasurer.

Miss Chamberlain has been an attaché of the city clerk's office for six and a half years, for the last three years as assistant deputy although not accorded the title.

home thoroughly pleased with the day in the metropolis of the Southwest. Those in the party were Mesdames E. J. Cranston, J. S. House, Albert Fuller, Fred Poole, Charles Johnson, B. E. Nimmo, Ellis Smith, J. C. Stearns, Chas. Artz and George Pollard.

Santa Ana Graduate Has Position Miss Harriet Yount has returned from Santa Barbara, where she graduated from the Manual Art and Home Economics department of the State Normal school in that city.

Miss Yount has been elected to teach manual training in the Los Angeles city schools.

Art Study Club

The Art Study Club meeting for this week has been postponed until next Wednesday when it will be held at the home of Miss Ava Wells, 617 East Fifth street. The topic will be "Local Artists."

For Philanthropy Class

Miss Leta Wells of 1118 West Third street, was hostess last night to the First Presbyterian Philanthropy Class. Miss Wells was assisted by her sister Clara, and Miss Gertrude Cattell of Denver, Colo., a house guest at the Wells home. Thirty girls were present.

The decorations of white and yellow were carried out in Shasta daisies.

Games and music were enjoyed, dainty refreshments following the merriment of the evening.

Will Close Memorial Day

As Memorial Day is one of the five holidays of the year agreed upon by the Merchants & Manufacturers Association for general observance, the places of business of its members will be closed on that day. Patrons of most of the groceries and meat markets are urged to order their Memorial Day supplies in advance.

HARD TIMES DANCE

Come to the Hard Times Dance at Fraternal Brotherhood hall, Thursday, May 29th. Jewelry and finery subject to fines.

PHILOSOPHY CLUB

Season Ended Brilliantly For Club That Delved Into Deep Questions

The last meeting of the season for the Philosophy Club formed last fall for the discussion and study of progressive, scientific and sociological reform, took place last night at the home of Mr. and Mrs. Edward M. Nealley on Bush street. A large number were present and at the close of the meeting expressed their most hearty thanks to Mr. Nealley for his unbounded courtesy and untiring efforts in giving out of himself so much that is of value and helpfulness to others. It is earnestly desired by those who have been so fortunate as to attend these very interesting and instructive discussions that they be continued next season, beginning in the fall.

The lecture for the evening by Mr. Nealley was practically a comprehensive resume of the season's series of discussions, with some new, vital principles added that included the interest and made it a most fitting close of the year's work.

Kindergarten Recreation

The Kindergartners of Roosevelt school recently issued dainty invitations to mothers and friends for an "At Home" to be held today in the Kindergarten room at that school. The invitations were booklets in the form of a leaf, the edges of which were painted in pink and gold with a tiny Sunbonnet Baby painted in pink on the interior. The invitations were prepared by the little Kindergartners and were a fitting prelude for the merry affair of today.

The reception opened at 9:30 this morning in a room beautifully decorated with streamers of pink, apple blossoms extending from the center of the ceiling to the four corners and the sides of the room. A multitude of gorgeous yellow butterflies made a lovely wall frieze with a lower border of Japanese Iris. All of these effective decorations were cut and painted by the little ones and produced a charming and delicate effect that was really marvelous.

The program was opened with quiet music, "Spring Song," followed by a trio of songs by all the Kindergartners: "Good Morning to Friends," "Good Morning to the Sun," and "What Is It Fills Our Hearts With Cheer?" The Kindergartners then sang "Sweet Peas," and the boys sang "Diddle, Diddle, Diddle." Then came the following numbers: "Ban, Ban, Black Sheep"—Quartet, Louis Winslow, Eleanor Nicholson, Phyllis Trickey, Evelyn Smith.

"Humpty Dumpty"—Ben Tarver, Virgil Reed, Frances Horton and Joseph Schiff.

"Song of Seasons"—Pauline Placencia.

"Rye, Baby Bunting"—Allan Barrett.

"Hey Diddle, Diddle"—Alice Davenport, Viola Spencer, Margaret Whitte, Louise Walker.

"Wee Willie Winkie"—Eva McNeill, Annie Tarver, Lyman Barker, Lois Bishop.

Solo, "Mr. Frog"—Ernest Nicholas.

Solo, "Poppies"—James Thomas.

Solo, "Mary, Mary, Quite Contrary"—Doris Hill, Viola Whitford, Mary Michaels, Hazel Jordan, Helen Gould, Harriet Baker, Fern Isenberg, Mable Miltstead.

Solo, "Tall Clock"—Elizabeth Beals.

"What Is It Fills Our Hearts With Cheer?"—Harry Maher.

Solo, "Lovely May"—Kindergarten Children.

Story, "In My Garden Bed"—Dramatized by children.

Rhythms—All the children.

Then there were Folk Dances and the winding of the Maypole in which all the children engaged.

At the close of the program punch and wafers were served and altogether everything was a great success.

Among the several rhythms and different folk dances were two folk dances of special mention: The Indian dance by the boys all in Indian costumes with feathers in their hair, and the girls' May dance, each one carrying a wreath of paper flowers made by the children.

The teachers in this Kindergarten who so successfully trained the children are Miss Fannie Smart and Miss Elsie Harrison.

A Correction

No, Millicent, my dear, you have been misinformed. Everybody who sells a Moose button does not get a prize. The prizes will be given to those who sell the greatest number. We would advise you to get in the game, for you may be the one to win the big, juicy \$5 gold piece. You do not have to pay for the buttons when you get them. See W. O. Codling, 314 West Fourth street, for information.

THE LATEST FASHION NOTE

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Ease, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting and aching of the feet.

AT \$20

Here are suits quickened by a dash of style that has made them step lively, so we had to order a new lot to complete our sizes. Today we can fit you all—all over.

Coats that hug the collar, cling in to the figure in the approved fashion; not an ounce of superfluous cloth; trim and trig without being tight.

And English shapes in straw and felt hats to match.

Vandermast & Son

G.A.R.'S AND AUXILIARIES ASKED TO ATTEND SCHOOL EXERCISES

Annually all the schools of Santa Ana unite on a special day in the Memorial Day season, when the deeds of patriotism and valor achieved by the soldiers of the civil war are called to mind and extolled.

The annual custom will be continued this year, the hour between 11 o'clock and noon tomorrow being set aside for the patriotic service. And to the old soldiers, the veterans of the G. A. R., and to all the patriotic bodies of the city, auxiliary or allied, is extended a most cordial and urgent invitation to attend the Memorial Day exercises to be held in all the city schools, including the high school, between 11 and 12 o'clock a. m.

This memorial tribute of the school children to the soldiers dead and living, and to the flag for the preservation of which as a symbol of an indivisible union, the brave men of the '60s gave of very life's blood, is one of deep significance. It is a hallowed service that bridges the years between this day of peace and the red years of war; bringing in close communion the youth who profit by the struggle of the '60s, and the brave men who waged it. Together they can review the past and do homage to the heroic soldier dead. Then they can together salute "Old Glory." And all the while the school children will remember that it is through the great devotion of the gray-haired men before them and those other brave soldiers who have gone before, that

"Like sacred fire on altar placed,
Lily-white and red as Mars,
Like some broad wing of angel grace,
Brightly flare the Stripes and Stars."

Personals

J. B. Hodges and family, who have been visiting for a few days at the home of Mrs. Hodges' brother, Walter C. Dunlap, on Cypress avenue, left Monday afternoon for Bisbee, Ariz.

Mrs. Ethel Benson of Santa Clara is a guest of her cousin, Mrs. Nellie Young of West Orange.

W. K. Robinson was a visitor to Los Angeles today.

Mr. and Mrs. W. E. Ward, Mrs. Mary Ward and J. E. Ward left today for Winton, Iowa, via the Southern Pacific. They were called to Iowa by the serious illness of F. M. Ward.

After a honeymoon trip of six weeks through the San Bernardino mountains and to Yuma, Ariz., Mr. and Mrs. Audlin D. Nolan, whose marriage was solemnized in this city not long ago, returned yesterday for a few days' visit at the home of the bride's parents, Mr. and Mrs. H. Ricks of this city, Mrs. Nolan having been Miss Rebecca L. Ricks. Mr. and Mrs. Nolan will make their home in Imperial.

J. S. Hill of Montrose, Colo., who arrived yesterday to attend the funeral of his mother, Mrs. A. K. Hill, at Orange, was in Santa Ana last winter several times, as he has several old friends here formerly of Montrose. Mr. Hill and wife and family spent the latter part of the winter with Mr. Hill's father and mother in Orange.

Mr. and Mrs. J. G. Quick will take as their guests the latter's brother, Frank Grigsby, and daughter, Mrs. Morehouse, on an auto trip to Pacific Beach and San Diego, visiting the R. M. Bakers at the former place, and relatives at the latter. They will journey down the coast and after a week's visiting will return by the inland route stopping one night at Elsinore, thence home.

Mrs. R. T. Riley and daughter Pauline, of Pasadena, are visiting Mrs. Riley's parents, Mr. and Mrs. J. D. Walbridge, 302 South Sycamore.

ONE OF THOSE WHO WAS IN DISASTER IS HERE WITH SISTER

Among those who fell into the death pit at Long Beach was Miss Mary Rutherford, who is now with her sister, Miss Katherine Rutherford, matron of the Santa Ana Hospital. Miss Mary Rutherford and her cousin Miss Myrtle McCulloch, who formerly lived with her uncle, J. F. Kinley, at the corner of G and Stafford streets, Santa Ana, were together and went down into the pit together. While both were bruised and shaken up, Miss Rutherford, who is a nurse, volunteered for nursing duty as soon as she was extricated from the mass of humanity, but owing to her injuries she had to go to bed in a short time. Her sister brought her here last Sunday.

J. F. Kinley, who was attending the celebration, rendered great aid in the rescue work. He seized one frantic man who was about to jump into the pit in the wild hope of rescuing his mother in that way. Kinley pulled up some boards and dropped onto the sand, and for over three hours helped carry out the dead and injured. One young woman was gasping for breath as he picked her up. She died in his arms as he was carrying her.

VIOLIN RECITAL

The music-loving public of Santa Ana and vicinity is cordially invited to attend the annual recital given by the students of the Andrist Academy of Music, at Moose Hall, Thursday evening, May 29th, 1913, at 7 p. m. Prof. Andrist will show the public that Santa Ana has real talent amongst the younger folks for that favorite instrument, the Violin. An exceptionally fine Program has been arranged for the occasion, including Solos, Duets and several numbers by the pupils' orchestra of Prof. Andrist, who will personally direct every number.

Doors will be open at 7 p. m., sharp. Come early and avoid the crowd. Bring your friends with you and secure a good seat. Admission 10 cents.

Ladies are invited to call and see the beautiful display of work done with D. M. C. Cotton. Samples of laces, dress trimmings, scarfs, doilies and other fine needle work. Merigold Bros.

BORN

GERRARD—In this city, May 27, 1913, to Mr. and Mrs. Hugh A. Gerrard, a son.

RESOLUTIONS ARE PASSED

Realty Board Takes Sides on Route Controversy and Criticizes Crossings

The Santa Ana Realty Board held another enthusiastic meeting in the Chamber of Commerce rooms last evening, there being a good attendance.

After attending to some details to complete the organization the members took up some important subjects, which reflect the character of the organization. The board is still searching for a suitable design to use on its signs and stationery and advertising matter. The choice will be made within a week and the cash prize awarded to the author of the design adopted.

After considerable discussion a resolution was passed endorsing the Tehachan route for the state highway as against the Teton pass.

A letter was addressed to Governor Johnson urging him to sign the real estate license bill passed by the legislature.

The board then tackled the railway crossing problem with considerable vigor. In strong resolutions, attention is called to the rough and dangerous condition of the track crossings in this city and in this section of the county, as well as to some methods of street improvement, especially where deep "valleys" have been made at street intersections. A committee composed of Messrs. Smith, Wells and Schenck will go before the city trustees and the board of supervisors with the resolution.

The realty board desires to correct some wrong impressions respecting the purposes of the organization. It is not for the purpose of raising the rates of commissions or regulating prices. No such objects are contemplated and such reports should not be credited. The usefulness and advantages of the board will be very apparent to the people as the work and objects of the board become known.

Real Estate Transfers

Tuesday, May 27, 1913.

Deeds

Reka C. Tobin to E. M. Schlotter—A strip of land 39.83 feet by 132.23 feet in southerly part of lots 8 and 9 of McCarter subdivision, city of Anaheim. Also strip of land 44.16 feet by 119.83 feet in southerly part of lot 10, same tract; \$10.

6% Guaranteed Realty Certificates (Convertible and Negotiable)

You can invest from \$100 to \$5000 in this Company's Convertible Realty Certificates, and get 6 per cent interest on every dollar you put in. Your investment is protected by all our money and property; and in addition, we specially assign to Trust Company ample first mortgage security.

You can have your money back at any time, with accrued interest at 6 per cent, by giving us reasonable notice in writing.

Or you can exchange your Certificates for Preferred Stock in our Company, taking an option on the stock at the price for which it is selling at the time you purchase the Certificates.

You can sell or otherwise negotiate your Certificates, or use them as security on a loan. You can apply your Certificates as payment on any Real Estate—houses, lots or acreage—which you may buy from this Company; or you can hold the Certificates as a permanent investment and continue to draw 6 per cent interest, payable quarterly.

Let us send you Booklet, giving full information concerning our Convertible Realty Certificates.

LOS ANGELES PRODUCE MARKET

Mainly on account of light receipts local ranch eggs advanced 1 cent yesterday. The supply has apparently fallen off to quite a degree recently, and higher prices seem to be in prospect. The season is well advanced and the backward warm weather has had a tendency to interfere with a good production. The markets here and in the north show a marked upward tendency.

The butter market remained rather featureless, with 28½ bid for creamery extras on the produce exchange, and no offerings at the close. Receipts were unusually heavy. It is possible that this may result in an easier market, but only temporarily.

Imperial valley tomatoes were quite a feature. Shipments have also been received lately from Florida and Mexico.

The market is better supplied than in some time but prices remain high. The supply of squash was fair. It does not come in freely, however, as when this was the case last week the market was somewhat overloaded with the vegetable for the time being. The demand for artichokes has been poor. Some choice Salinas potatoes were offered at 45 cents and some fancy Oregon at 50 cents on the produce exchange. The supply of new potatoes was good. A car of Texas Bermudas was received. Considerable asparagus was in evidence. Cantaloupes were pretty well cleaned up. Some watermelons remained from the previous day's shipment and sold at 6½ cents a pound.

Several shipments of cherries were expected. They were none too plentiful. Figs were received and sold around \$3 a box. The supply of apricots was limited. Berries of all kinds are beginning to come in pretty freely. There has been a good demand for Valencia oranges.

Wonderful Skin Salve

Bucklen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Relieves inflammation and is soothing and healing. J. T. Sosman, publisher of News of Cornelius, N. C., writes that one helped his serious skin ailment after other remedies failed. Only 25c. Recommended by all druggists.—Advertisement.

NOTICE OF STREET WORK

Notice is hereby given, that on the 19th day of May, A. D. 1914, the Board of Trustees of the City of Santa Ana, passed Resolution of Intention No. 558 to order the following street work to be done, to-wit:

That East First Street, in said City, from the East line of Main Street, to the West rail of the Atchison, Topeka and Santa Fe Railroad, be paved to the official grade with a pavement to consist of a cement concrete base 4 inches thick and a wearing surface of asphalt concrete 1 inch thick, according to the plans and specifications for said work on said East First Street, adopted by the Board of Trustees of the City of Santa Ana, on the 5th day of May, 1913.

That East First Street, in said City, from the East line of Main Street, to the West rail of the Atchison, Topeka and Santa Fe Railroad, be curbed on both sides thereof to the official grade with a cement curb made and constructed according to the specifications for cement curbs specified in Ordinance No. 482 of the City of Santa Ana, entitled: "An Ordinance Adopting Specifications for the Construction of Cement Sidewalks and Cement Curbs in the City of Santa Ana," and adopted by said Board of Trustees on the 5th day of May, 1913, as the Specifications for said curbs on said East First Street.

Excepting, however, from all of the above described work, such portions as are required by law to be kept in order or repair by any person or company having railroad tracks thereon.

Also excepting from all of the above described work, such portion as is already done to the official grade.

All of the herein proposed work shall be done in pursuance of an act of the Legislature of the State of California, entitled: "An Act to Provide for Work on Streets, Lanes, Avenues, Courts, Places and Sidewalks and for the Construction of Sewers within Municipalities," approved March 18, 1885, and all of the several amendments thereof or supplementary thereto; also in accordance with the plans and specifications made therefor by the City Engineer of said City of Santa Ana, and adopted by the Board of Trustees of said City on the 5th day of May, 1913, including said Ordinance No. 482.

"The Santa Ana Daily Evening Register" is hereby designated as the daily newspaper published and circulated in said City, in which the Resolution of Intention and the Street Superintendent's Notice of the passage thereof shall be published.

The Superintendent of Streets is hereby directed to post "Notice of Street Work" as required by law.

For further particulars, reference is hereby made to said Resolution of Intention No. 558 on file in the office of the City Clerk of the City of Santa Ana.

This Notice shall be published for six days in the "Santa Ana Daily Evening Register" being the newspaper designated by said Board of Trustees for such publication.

Santa Ana, Cal., May 22, 1914.

DECLARES THEY HOT ON HIS TRAIL

Maddox Adjudged Insane and Will Probably Be Sent to a Sanitarium

After a hearing of an hour or more this morning, J. T. Maddox of Brea was adjudged insane. During the investigation Maddox displayed considerable keenness though the testimony showed that he had been erratic in his behavior for several weeks. J. W. Deitzel was one of the principal witnesses against Maddox. He said that Maddox had threatened to kill him with a knife, and that because of Maddox's peculiar actions the men on the Birch properties, where Maddox worked, were afraid to work with him. Maddox declared that the men had it in for him because he had helped the sheriff's office in raiding a gambling place and in spotting places where liquor was sold. For a time he wore a deputy sheriff's badge, but the deputyship was revoked by the sheriff after Maddox had become involved in a disturbance of some kind. Maddox said that he did not want any of the "bunch" to jump him, so he carried a bundle of papers in his hip pocket to make a bunch as though he had a big gun there.

Witnesses who were called were J. W. Deitzel, D. Maddox, Frank Carr, W. E. Sprout, A. N. Richardson, R. Steele, M. M. Goode, C. M. Pratt, C. Brown, J. B. Wagner, J. B. Sullivan, Lee Davidson and J. McKinley.

Maddox is a member of the Masonic lodge at Whittier. It is understood that the lodge will be given permission to take him to a sanitarium.

No Trial Today

This morning when the trial of the appeal case of Miss C. E. Jackson against Dr. D. A. Clark was called in the superior court, Dr. Clark's attorney, H. J. Forgy, presented an affidavit, stating that two of Dr. Clark's principal witnesses were not available, and asking for a continuance. Attorney Clyde Bishop, representing Miss Jackson, a nurse and physician, consented to the continuance to June 12.

The case was tried in Justice Cox's court. Miss Jackson got judgment for \$282.50 against the defendant for services rendered as nurse. The defendant took an appeal. Both plaintiff and defendant live at Huntington Beach.

Divorce Suit

Suit for divorce was begun today by Lillian Walter against Ralph W. Walter. Weisel & Dutton are attorneys for the plaintiff.

Appraisers Named

J. N. Anderson, Fritz Ruhman and Frank Shanley have been appointed to appraise the estate of Mary Ann Dietrich.

Attachment Case

Sheriff Riddock has levied an attachment on property belonging to George H. Forster of Placentia in an action brought by the California Savings Bank of Los Angeles for \$1000.

Notice Received

The Board of Supervisors has received a notice from the State Railroad Commission to the effect that the Southern Pacific's petition for permission to build a spur track at McPherson to connect with the Highway Commission's gravel pit had been granted.

Hearing Tomorrow

Yesterday afternoon a complaint was sworn to charging Antoine Etchebort with insanity. Judge West set his hearing for 9:30 o'clock tomorrow morning. The man was arrested at the city marshal's office after he had wildly insisted that steps be taken at once to stop all war, to empty all liquor except wine into the streets and to burn all plug hats. He has been running a clothes cleaning establishment at the corner of Fifth and Spurgeon streets.

Decree Granted

In the amicable quiet title suit brought by Jarden against T. A. Winbiger as administrator of the estate of Mrs. C. W. Marden, a decree was granted yesterday afternoon. E. E. Keach represented the plaintiff and H. C. Head the defendant.

CHANGES MADE IN STATE GAME LAWS

Many changes have been made in the fish and game laws, most of them pertaining to changed seasons and reduced limits. It is now up to Gov. Johnson to say which of these will become laws.

To the hunters' license of \$1 per year, which yields \$15,000 annually, has been added a law requiring that amateur fishermen under 18 years of age to pay \$1 a year for a license. Fishermen for profit are taxed \$10 a year.

New features have been added to the hunting license law. Boys under 15 years can get a license for 25 cents. No aliens who have been in the state less than thirty days can get a license to hunt.

Assemblyman Bagby's bill reduces the limits on ducks from twenty-five a day and fifty a week to fifteen a day and thirty a week.

The long battle over non-sale bill, which was the prime measure of the sportsmen, allows wild ducks to be on sale only from November 1 to December 1. Wild geese and rabbits may be sold, but no other protected game.

Valley quail has been lowered from twenty a day and 140 a week to fifteen a day and thirty a week. Other daily limits are ten mountain quail,

ARE YOU Prepared For Decoration Day?

To make this day—which really marks the beginning of summer—a success, spend the day out-of-doors. Don't forget to take note of the range of splendid styles of Benjamin Clothes which are sure to be on display.

There are stunning Norfolks, made from the smartest of smart tweeds, home-spuns and fancy checks. There are dressy blue serges. There is a color and pattern for every taste.

You'll Be Sure To Recognize The BENJAMIN DESIGNS-They're Different.

The English and semi-English models appear to have been picked up on Fifth Avenue and laid down in our shop. They are as New Yorkish as New York designers could plan them.

Select from the most select assemblage which has ever been set before you. Wear clothes which are tuned to the highest pitch in style and made as carefully and critically as the smartest custom tailor could make them.

GRAIN TRAIL GETS MORINO

Mexican Was Wise Enough to Continue With the Wheat But Not With Mule and Cart

In pioneer days the man who could follow a trail was only equalled in sagacity by the man who was clever enough to leave no trail to mislead the follower. These days trails are often followed but the art of throwing a man off a trail is almost a lost art. R. Morino is one of the few who still practice the art. At least he is the one credited with it.

Last night two sacks of wheat were stolen from a car on the Second street tracks, the unloading of which was not completed yesterday by the Banner Mills.

This morning City Marshal Jernigan and Officer Lacy began investigating. They found a trail of wheat leading from the place, left by grain leading from a hole in one of the sacks. Constable Jackson joined in the chase. It was plain to be seen that the thief was driving a mule hitched to a cart. The trail led along Walnut street, through an alley or two and to Morino's house.

The wheat not spilled was nowhere to be found, but the mule and cart were found. Morino was taken to the county jail.

"TIPS" FROM CONSULS OF COMMERCIAL VALUE

WASHINGTON, May 28.—Attention of business men and manufacturers was called by the department of commerce to the daily publication of "trade notes" or "trade opportunities" collected by American consuls and consular agents. In a special circular, the department sets forth

the value of these commercial "tips." "In some instances," says the department, "as the result of the publicity given to these 'opportunities,' additional export trade to the amount of thousands of dollars has resulted from a single trade item."

The items are published in connection with the daily "consular report," issued through the bureau of foreign and domestic commerce.

HEIRESS TO \$450,000 IS MISSING FROM HOME

CHICAGO, May 28.—The police have been asked to search for Margaret Hawthorne, twenty-six years of age, and according to a telegram from Hastings, Mich., heiress to a fortune of \$450,000 left five years ago by David Shafter at Vassar, Mich.

The young woman is the daughter of Alma and Harry Hawthorne, who separated and passed away shortly after her birth. The child is supposed to have been left in Chicago and a search will be made for her, as the police fear she has not been aware of her identity.

TO HOLD CONFERENCE WITH THE PURCHASERS

ORANGE, May 28.—C. M. Cornwell of Los Angeles has taken over from the Union Building and Investment Co. its interests in the Honey tract, and on Thursday will confer with those who have contracts for the purchase of lots in that tract from the National Home & Town Builders, which company assigned its interest to the Union company. It is believed that Cornwell has the matter in shape so that contract holders can pay out on their property.

Pomona Expects Splendid Returns From Valencia Crop This Season

POMONA, May 28.—Manager H. E. Walcott of the Pomona Fruit Growers' Exchange states that about sixty cars of Valencia oranges, or 60 per cent of the usual crop, will be shipped East this season by the exchange and exceptionally good prices are looked for. The crop of Valencia was much better protected than the Washington navel crop because the former was not nearly as far advanced in maturing when the cold weather blighted so much fruit.

The fruit which will be packed is of good quality and shipping will be started next week, when the first score or more cars will be sent forward as rapidly as possible. Work on shipping the navel crop has been almost completed by the exchange. This week the balance of Mediterranean Sweet, blood oranges and seedlings are being packed. It is estimated that the exchange has shipped about 30 per cent of a normal crop of navels. Exceptionally high prices have been received, however, so that the final returns will be about equal to those of last year.

Millinery Sale now on at Gilbert's great daylight department. Our immense stock of millinery to be sold at clearance prices. We have had the greatest business in the history of our store. You can find it here. Take elevator to Millinery Dept. at Gilbert's.

JURY FOR INDICTED DETECTIVE

SAN FRANCISCO, May 28.—With a jury secured, the trial of Police Detective Frank Esola, charged with grand larceny in connection with the bunco scandal here, began today. District Attorney Fickert outlining the case.

season, now closed from November 1 to March 1, has been changed so that it will close from only August 1 to November 1. Crabs are said to be best for eating in the winter months.

As protection has been removed from rabbits after August 1. Cotton-tails heretofore have been protected.

One important law for the protection of fish and game makes it illegal to dump oil or any oil residue or products on any waters of the state.
